

**SEIZE ARMY CHIEF  
OF INSURGENT IRISH**

LONDON, June 27.—(By I. N. S.)—Colonel Secy. Winston Churchill's warning that the Irish provisional government must clean out the headquarters of the irregular faction of the Irish provisional government in Dublin was followed today by a number of arrests, including that of Commandant Henderson, one of the chief aides of "Rory" O'Connor, commander in chief of the rebellious faction of the republican army.

The Irish police are more active than they have been at any time since the creation of the Irish Free State.

Henderson was in active charge of the boycott which the republicans had proclaimed against Ulster province.

The English press greeted the arrest of Henderson with jubilation, promising to see in it the first step towards a general cleanup of the headquarters of the irregular faction of the Irish republican army, which Churchill branded as a "nest of assassins and outrageous murderers."

Downing st. officials are certain that Michael Collins, chief of the Irish provisional government at Dublin, will carry out any demands made upon him.

**BIG FOUR TRAIN IS

INDIANAPOLIS, June 27.—(By I. N. S.)—The engine and eight cars of a freight train on the Peoria and Eastern division of the Big Four railroad, were derailed at Glover, Ill., early today, according to reports to the office of the district superintendent here.

Engineer I. E. Daniels and Fireman W. E. Gillman, both of Indianapolis, were slightly injured.

The accident occurred near where the Big Four tracks cross the Chicago and Eastern Illinois railroads tracks at Glover. The Big Four freight train ran over a derailing device, it was said at the superintendent's office.

**Farmer Charged by Bird  
as Nest Peace Molested**

GOSHEN, Ind., June 27.—(Special.)—When G. H. Fleck started across a field on his farm Monday afternoon a peculiar movement attracted his attention. Upon investigation, he found what appeared to be a rather large bird sunning itself in a furrow. As Fleck was within 15 paces of it the winged creature ruffled its plumage, disclosed the beautiful colorings of a Killdeer. Fleck moved a few steps nearer before the Killdeer sprang to its feet and rushed at him with a series of shrill chirps in as valiant a manner as troops ever charged the enemy. Its breast was thrown out and wings were spread as it

fairly floated at him in an attitude that was obviously intended to drive away danger. A nest was disclosed in the furrow which held four small eggs. As soon as Fleck stole away she settled back on her nest with an air of repelling an invasion.

MOULTRIE, Ga., June 27.—(By I. N. Miss Creech was lodged in jail charged with murder, following a

**Botos Submits to Arrest,  
Gives Bond and Goes Home**

Hearing that a warrant had been sworn out for his arrest, Albert Botos, 715 W. Division st., voluntarily appeared at the police station with a bondsman, submitted to arrest, and expects to return Wednesday for a hearing in city court.

Botos claimed that the complainant, Julius Varga, 754 Liberty st., accosted him in a restaurant on Chapin st., Saturday night, slurred him for a refusal to buy the drinks and added insult to injury by striking him a blow over the left eye. The two men met a few hours later, according to Botos, and armed with a neat fork Botos stabbed Varga in the shoulder. He is charged with assault and battery.

**SAY "DRY" LAW FIRST  
MORAL REFORM EVER**

CHICAGO, June 27.—(By I. N. S.)—The prohibition amendment and the Volstead act were described as marking the "greatest chapter in America's story of moral reform," in a statement issued here today by

the board of bishops of the Methodist Episcopal church. The statement was a plea for support of prohibition legislation.

"Allowing that all the results anticipated from the Volstead act have not been realized," the statement said, "that fact lies not against the law but against those who have failed in its enforcement, and against those who have encouraged the betrayal of administrative trust."

"Let us choose for office only those who have established their right of recognition as friends of prohibitory reform."
